CONVENTION

Between the Government of the People's Republic of Bangladesh and the Government the Kingdom of Denmark for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income

The Government of the People's Republic of Bangladesh and the Government of the Kingdom of Denmark desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income have agreed as follows :

Article 1

Personal Scope

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

Taxes Covered

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or territorial administrative units or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation in the case of Denmark.

3. The existing taxes to which the Convention shall apply are in particular :

(a) In the case of Denmark :

- (i) the income tax to the State
(indkomstskatten til staten);
- (ii) the income tax to the municipalities
(den kommunale indkomstskat);

- (iii) the income tax to the county municipalities
(den amtskommunale indkomstskat);
- (iv) taxes imposed under the Hydrocarbon Tax Act
(skatter i henhold til kulbrinteskatteloven);
(hereinafter referred to as "Danish tax").

- (b) In the case of Bangladesh :
the income tax;
(hereinafter referred to as "Bangladesh tax").

4. The Convention shall apply to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting State shall notify each other of any significant changes which have been made in their respective taxation laws.

Article 3

General Definitions

1. For the purposes of this Convention, unless the context otherwise requires :

- (a) the terms "a Contracting State" and "the other Contracting State" mean Denmark or Bangladesh as the context requires;
- (b) the term "Denmark" means the Kingdom of Denmark including any area outside the territorial sea of Denmark which in accordance with international law has been or may hereafter be designated under Danish laws as an area within which Denmark may exercise sovereign rights with respect to the exploration and exploitation of the natural resources of the sea-bed or its subsoil and the superjacent waters and with regard to other activities for the economic exploration and exploitation of the area; the term does not comprise the Faroe Islands and Greenland;
- (c) the term "Bangladesh" means the People's Republic of Bangladesh;
- (d) the term "person" includes an individual, a company and any other body of persons;
- (e) the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;

- (f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
- (g) the term "international traffic" means any transport by a ship or aircraft operated by an enterprise which has its place of effective management in a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;
- (h) the term "competent authority" means :
 - (i) in Denmark : the Minister for Taxation or his authorized representative;
 - (ii) in Bangladesh : the National Board of Revenue or its authorized representative;
- (i) the term "national" means :
 - (i) any individual possessing the nationality or citizenship of a Contracting State;
 - (ii) any legal person, partnership or association deriving its status as such from the laws in force in a Contracting State.

2. As regards the application of the Convention by a Contracting State any term not defined therein shall, unless the context otherwise requires, have the meaning which it has under the law of that State concerning the taxes to which the Convention applies.

Article 4

Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows :

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);
- (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;
- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;
- (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated. However, where such person has its place of registration in one of the States and its place of effective management in the other State, then the competent authorities of the Contracting States shall determine by mutual agreement the State of which the person shall be deemed to be a resident for the purposes of this Convention. In the absence of such mutual agreement, for the purposes of this Convention, the person shall in each Contracting State be deemed not to be a resident of the other Contracting State.

Article 5

Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially :

- (a) a place of management;
- (b) a branch;

- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a warehouse, in relation to a person providing storage facilities for others; and
- (g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than 183 days.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, a person acting in a Contracting State for or on behalf of an enterprise of the other Contracting State—other than an agent of an independent status to whom paragraph 6 applies—shall be deemed to be a permanent establishment in the first-mentioned State, if :

- (a) he has, and habitually exercises, in the first-mentioned State a general authority to conclude contracts for or on behalf of the enterprise,

unless his activities are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph;

- (b) he habitually maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly delivers goods or merchandise for or on behalf of the enterprise; or
- (c) he habitually secures orders for the sale of goods or merchandise in the first-mentioned State, wholly or almost wholly for the enterprise itself, or for the enterprise or other enterprises which are controlled by it or have a controlling interest in it; he shall be considered to have secured orders almost wholly for the enterprise or enterprises in question, if 75 percent or more of his commissions received are attributable to orders secured for such enterprise or enterprises, or if 75 per cent or more of the gross amount of the total contract sums of all orders secured are attributable to orders secured for the enterprise or enterprises in question.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a Company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply,

usufruct of immovable property, and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, but this does not include any expenses which under the laws of that State would not be allowed to be deducted by an enterprise of that State.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an

apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. For the purposes of this Convention, income from rental of containers (including trailers, barges and related equipment for the transport of containers), whether incidental or not to international traffic, shall be treated in accordance with the provisions of this Article.

8. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Income of an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that State.

2. Income of an enterprise of a Contracting State derived from the other Contracting State from the operation of ships in international traffic may be taxed in that other Contracting State, but the tax chargeable in that other Contracting State on such income shall be reduced by an amount equal to fifty percent of such tax and shall in no case exceed four percent.

3. The provisions of paragraph 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

4. With respect to profits derived by the Danish, Norwegian and Swedish air transport consortium, known as the Scandinavian Airlines System (SAS), the

provisions of paragraphs 1 and 3 shall apply only to such proportion of the profits as corresponds to the participation held in that consortium by Det Danske Luftfartsselskab (DDL), the Danish partner of Scandinavian Airlines System (SAS).

Article 9

Associated Enterprises

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State—and taxes accordingly—profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed :

- (a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
- (b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations, if need be.

This paragraph shall not affect the taxation of the company in respect of the profits out of which dividends are paid.

3. The term "dividends" as used in this Article means income from shares, mining shares, founder's shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights, which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11**Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of the State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2:

(a) the Bangladesh Bank shall be exempt from Danish tax with respect to interest arising in Denmark;

(b) the National Bank of Denmark shall be exempt from Bangladesh tax with respect to interest arising in Bangladesh.

(c) the Government of a Contracting State shall be exempt from tax in the other Contracting State with respect to interest arising in that other State;

(d) interest arising in a Contracting State and paid in respect of a loan made by or guaranteed or insured by the Government of the other Contracting State, the Central Bank of the other State or any agency or instrumentality (including a financial institution) owned or controlled by the Government of the other State shall be exempt from tax in the first-mentioned State;

(e) interest arising in a Contracting State and paid to a resident of the other Contracting State by virtue of a contract of financing or of delay in payment relating to the sale of industrial, commercial or scientific equipment or to the construction of industrial, commercial or scientific installations as well as of public works shall be exempt from tax in the first-mentioned State.

4. The competent authorities of the Contracting State shall by mutual agreement settle the mode of application of the limitations laid down in paragraphs 2 and 3, if need be.

5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, a copyright of a literary, artistic or scientific work, including cinematograph films, or films

or tapes for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself or a political subdivision or a territorial-administrative unit or a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 may be taxed in the State where the immovable property is situated.

2. Gains from the alienation of shares or rights in a company or a legal person the assets of which consist mainly of immovable property or rights on

immovable property may be taxed in the State where the immovable property is situated where, under the law of that State, such gains are subject to the same taxation rules as gains from the alienation of immovable property. For the purposes of this provision, immovable property pertaining to the industrial commercial or agricultural operation of such company or legal person or to the performance of independent personal services shall not be taken into account.

3. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

4. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.

6. With respect to gains derived by the Danish, Norwegian and Swedish air transport consortium Scandinavian Airlines System (SAS), the provision of paragraph 4 shall apply only to such proportion of the gains as corresponds to the participation held in that consortium by Det Danske Luftfartsselskab (DDL), the Danish partner of Scandinavian Airlines System (SAS).

Article 14

Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State. However, in the following circumstances such income may be taxed in the other Contracting State :

- (a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in the other State; or

- (b) if his stay in the other Contracting State is for a period or periods exceeding in the aggregate 120 days in the taxable year.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15

Dependent Personal Services

1. Subject to the provisions of Articles 16, 18, 19 and 20, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the fiscal year concerned, and
- (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
- (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. Where a resident of Denmark derives remuneration in respect of an employment exercised aboard an aircraft operated in international traffic by the Scandianvian Airlines System (SAS) consortium, such remuneration shall be taxable only in Denmark.

Article 16

Director's fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

Article 17

Artistes and Sportsmen

1. Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. The provisions of paragraphs 1 and 2 shall not apply to income derived from activities performed in a Contracting State by artistes or sportsmen if the visit to that State is substantially supported by public funds of the other Contracting State.

Article 18

Pensions and similar Payments

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration paid to a resident of a Contracting State in consideration of past employment shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1, pensions received by an individual being a resident of a Contracting State from the social legislation of the other Contracting State shall be taxable only in that other State.

3. In the case of an individual who was a resident of a Contracting State and has become a resident of the other Contracting State, paragraph 1 of this Article or Article 22 shall not affect the right of the first State under its national laws to tax pensions and annuities accruing to such individual from the first State, unless such individual is a national of the other Contracting State.

4. The term "annuities" means stated sums payable periodically at stated times, during life or during a specified or ascertainable period of time, under an obligation to make the payments in return for adequate and full consideration in money or money's worth.

(b) However, such remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who :

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

2. (a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a territorial-administrative unit or a local authority to an individual in respect of services rendered to that State or subdivision or unit or authority shall be taxable only in that State.

(b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.

3. The provisions of Articles 15, 16 and 18 shall apply to remuneration and pensions in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a territorial-administrative unit or a local authority.

1. Payments which a student or an apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in that State, provided that such payments arise from sources outside that State.

2. An individual who is or was a resident of a Contracting State immediately before making a visit to the other Contracting State, and who, at the invitation of any university, college, school or other similar educational institution, which is recognized by the relevant authority in that other Contracting State, visits that other Contracting State for a period not exceeding two years solely for the purpose of teaching or research or both at such educational institution, shall be exempt from tax in that other Contracting State on his remuneration for such teaching or research.

Article 21

Double taxation shall be avoided as follows :

1. In Denmark :

- (a) Subject to the provisions of sub-paragraph (c), where a resident of Denmark derives income which, in accordance with the provisions of this Convention, may be taxed in Bangladesh, Denmark shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Bangladesh;

- (b) such deduction shall not, however, exceed that part of the income tax, as computed before the deduction is given, which is attributable to the income which may be taxed in Bangladesh;
- (c) Where a resident of Denmark derives income which, in accordance with the provisions of this Convention, shall be taxable only in Bangladesh, Denmark may include this income in the tax base, but shall allow as a deduction from the income tax that part of the income tax, which is attributable to the income derived from Bangladesh.

- (b) Notwithstanding the provisions of sub-paragraph (a), where a resident of Bangladesh derives income which, in accordance with the provisions of this Convention shall be taxable only in Denmark, Bangladesh may include this income in the total income, but shall allow as a deduction from the income tax that part of the income tax, which is attributable to the income derived from Denmark.

Article 24

Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other

State carrying on the same activities. 3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
